SECURE THE RIGHT SOLUTION

When you choose to subscribe to our Security-as-a-Service operating expense solutions, within your agreement, you are opting for access to TAMCO Shield, which includes the Solution Replacement Guarantee (SRG), Act of God coverage, the ability to lock in multiple years of support services, and multiple end-of-terms options. All within your one low monthly cost.

Preserve your capital and enjoy peace of mind. Service Shield's Security-as-a-Service solution helps you stay at the forefront of technology, so you can always remain competitive and grow, without straining your budget from large technology upgrade expenses. Security-as-a-Service is becoming the most economical and logical way to pay for the technology you need in today's continuously advancing market.
